Chemistry Building Renovation & Addition

Architectural Rendering

Original Chemistry Building & New Addition - The Commons

West Side
Glass is in and the new lobby doors are being prepped for installation!
Update – Week of November 28th, 2022

Chemistry Building Interiors

HALLWAY CEILINGS
Light wood grains throughout the project warm up the space.

Classroom 310
The carpet is installed, and the curved half walls will get topped with a wood cap.

Expansion Plates
When two separate structures, such as the old Chemistry building and new Commons building meet, an expansion joint allows the two to move independently from one another. The expansion joint is protected by the expansion plate.
